To Whom It May Concern:

I am pleased to recommend the services of Sean Leonard and his team at S.L. Leonard & Associates. Sean served as the project manager for the new Camarillo Library, a 65,000-square-foot, two-story facility.

Sean did an excellent job communicating and managing interactions with the architect, construction manager, the City and the community. Throughout the course of the \$27 million project, he was always available and responsive to all inquiries, issues and project-related problems.

Sean's sound judgment, technical savvy, construction knowledge and team management style have contributed greatly to the success of the project. He is very professional and resolves issues in a fair, firm and equitable manner. Sean and his team produce a quality work product, stay on or under budget, assure contract compliance and minimal change orders, and excel at conflict resolution.

The City of Camarillo was extremely happy with the work done by S.L. Leonard & Associates, and would not hesitate to work with him in the future.

Sincerely,

Jerry Bankston
City Manager
